

Only a request to the hotel is required.

BondEx handles all arrangements with the delivery company.

From selecting and arranging the delivery company to tracking shipments and handling guest inquiries, BondEx takes care of everything.

From luggage drop-off to delivery at the next hotel.

Minimal hotel request

Arrangements with the delivery company are handled by BondEx.

All in one dashboard

Monitor all shipments in real time on a single dashboard.

Guest support by BondEx

Guest inquiries are handled by BondEx, not by you or the hotel.

Nationwide coverage

From major cities to regional areas, we deliver to hotels across Japan.

Smarter operations for land operators.

One platform. Everything you need.

All shipments in one place

Check real-time status and respond to itinerary changes instantly.

FIT & Group ready

Supports individual travelers (1-9 pax) and groups (10+ pax).

Vouchers & labels issued for you

BondEx issues the waybill and sends it to your office or to the hotel. No contract or system integration needed at hotels.

QR tracking for guests

Guests can check delivery status in real time in their own language.

Multilingual support

Available in Japanese, English, Chinese, Italian, French and Spanish.

Loss & damage handled

BondEx acts as your single point of contact for loss or damage (compensation is subject to our terms of carriage).

Trials can be started immediately.

Send us your itinerary and we will issue a voucher for you to review.

Why land operators choose BondEx

Not a delivery company — a platform that supports your hotel-to-hotel delivery operations.

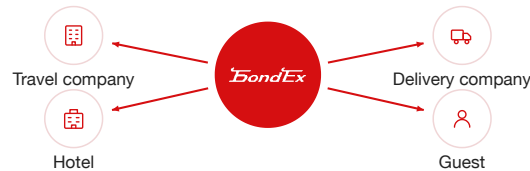

How it works today

You deal with every party separately.

BondEx

BondEx becomes the hub and takes on every hand-off.

What the land operator does

	Today	BondEx
Request to the hotel	Required	Required
Arranging the delivery company	Your team	BondEx
Coordinating with hotels	Your team	BondEx
Issuing the waybill	Your team	BondEx
Checking delivery status	Your team	BondEx
Guest enquiries	Your team	BondEx
First response to problems	Your team	BondEx
Real-time tracking	△	○
Multilingual support	△	○
Group travel	△	○
Dedicated console for land operators	×	○

01 Less burden on hotels

Hotels simply accept the luggage as usual. BondEx handles coordination with the carrier.

02 Less work for land operators

Register the itinerary and we handle everything from waybills and vouchers through to tracking.

03 Guest support by BondEx

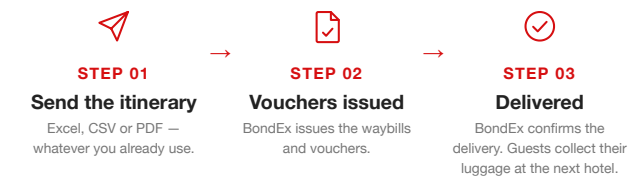

From delivery status checks to enquiries, handled in multiple languages.

Pricing

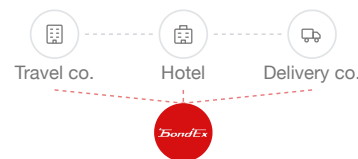

Rates are proposed individually, based on your volume and how you use the service. One flat rate per piece — regardless of suitcase size or weight.

Getting started

BondEx is not a delivery company.

It connects delivery companies, hotels and travel companies — a platform supporting the whole hotel-to-hotel delivery operation.

Coverage

From major cities to regional areas, we deliver to hotels across Japan.
